

Book. Collect. No waiting.

Solutions ecosystems designed to revolutionise the booking, purchase and collection of small items. An innovative and efficient service for both the customer and the service provider.

Technology that simplifies, connects and transforms

A smart ecosystem that combines hardware and software to simplify management, enhance the user experience and optimise performance.

CONNECTIVITY & WI-FI

DIGITAL PAYMENTS

DELIVERY APP

DELIVERY PLATFORM +

For the operator

With FAS Delivery Platform+, you can manage product offerings, operational workflows, orders, deliveries and data analytics for selfservice shops and mini-lockers, all on a single platform.

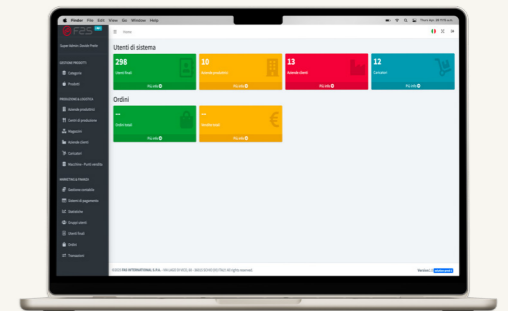

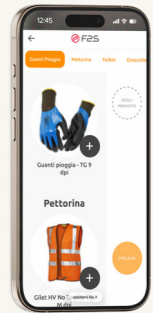

For the user

With FAS Delivery App, order booking, collection or purchase direct from the machine are managed via a simple interface designed to ensure customer satisfaction. A convenient, flexible shopping experience with no queues.
