Main features

ESPRESSO SYSTEM

Quality with no compromises: the espresso system delivers impeccable flavour, the result of a design created to enhance the quality of every cup.

CONNECTED TABLET

Connected Android 13.3" tablet with top-level performance: high-quality interactions with all the advantages of Wi-Fi connectivity.

ADAPTIVE GRINDING

The grinding automatically adapts to changes in the natural organoleptic characteristics of coffee, ensuring excellent quality and consistency in every cup of coffee.

DOUBLE SUCTION

An intelligent suction system: constant cleaning, minimal maintenance.

PPS SOLENOID VALVES

Solenoid valves that are resistant to corrosion and limescale build-up, for longer life and less maintenance.
