# Main features

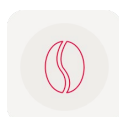

## ESPRESSO SYSTEM

Quality with no compromises: the espresso system delivers impeccable flavour, the result of a design created to enhance the quality of every cup.

## CONNECTED TABLET

Connected Android 13.3" tablet with top-level performance: high-quality interactions with all the advantages of Wi-Fi connectivity.

## VARIABLE GRINDING

The grinding automatically adapts to changes in the natural organoleptic characteristics of coffee, ensuring excellent quality and consistency in every cup of coffee.

## DOUBLE SUCTION

An intelligent suction system: constant cleaning, minimal maintenance.

## PPS SOLENOID VALVES

Solenoid valves that are resistant to corrosion and limescale build-up, for longer life and less maintenance.

# Technical specifications
